☐ SIGNIFICANT EVENTS DURING HALF YEAR 2020

The Group has closed in June 2020 an agreement for a State Guaranteed Loan ("French PGE") of €50M.

The sale of a share of 26% of Ramky Cleantech signed in Q1 has been completed in June 2020.

The global environment has been profoundly changed by the Covid-19 public health crisis, which is affecting demand across the Group's divisions, especially for activities in sectors related to Airports, Security, Multitech, Catering, Hospitality and Integrated Solutions. The Group has implemented an action plan to adapt to this exceptional situation and to mitigate the impact of the sanitary crisis on its results.

The principal accounting policies applied in the preparation of the Group's consolidated financial statements for the first six months of the year 2020 are set out below. These policies have been consistently applied to all the financial years presented, unless otherwise stated.

In compliance with Regulation (EC) No. 1606/2002 of the European Parliament and Council dated 19 July 2002, these consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union as at the preparation date, including IASs, IFRSs and the interpretations issued by IFRIC and its predecessor the SIC.

The standards and interpretations adopted by the European Union can be viewed on the European Commission's website at: http://ec.europa.eu/internal_market/accounting/ias/index_en.htm

2.1 CONSOLIDATION

2.1.1 Financial year-end

The Group's companies have been consolidated based on their financial statements as of June 30, 2020 for a period of 6 months.

2.1.2 Consolidation methods and scope of consolidation

2.1.2.1 Subsidiaries

Subsidiaries are the companies over which La Financière Atalian has control, either directly or indirectly. Control is characterized by the power over the investee with the current ability to direct the relevant activities and an exposure of rights to variable returns with the ability to use its power over the investee to affect the amount of the investor's returns. They are consolidated with fully consolidated method, taking into account the existence and effect of the voting rights of non-controlling interests. Control is presumed to exist when the Group has the power to govern an entity's financial and operating policies so as to obtain benefits from its activities, generally accompanying a shareholding representing more than a half of the voting rights. Control may also arise when a contract exists entitling the Group to govern an entity's financial and operating policies, or when the Group is able to govern the financial and operating policies by virtue of de facto control. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Intra-group transactions, balances and unrealised gains on transactions between Group companies are eliminated at consolidation level.

Subsidiaries are fully consolidated from the date when control is transferred to the Group and are deconsolidated from the date when control ceases.

The profit or loss of subsidiaries is allocated between the Group and non-controlling interests based on their percentage interest in the subsidiary concerned, even if this results in the recognition of negative amounts.

2.1.2.2 Associates

Associates are entities over which the Group has significant influence but not control.

Investments in associates are accounted for using the equity method. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investment in associates includes goodwill (net of any accumulated impairment losses) identified at the time of acquisition, which is not tested separately. If the Group's interest in an associate is reduced to zero, additional losses are provided for and a liability is recognised only to the extent that the Group has incurred legal or constructive obligations on behalf of the associate.

The Group's share of the profit or loss of associates is recognised in the consolidated income statement, and its share of movements in other comprehensive income is recognised in other comprehensive income. Unrealised gains on transactions between the Group and its associates are eliminated pro rata to the Group's interest in the associates concerned. Accounting policies of subsidiaries and associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.1.2.3 Other investments

Shares in companies that do not represent material amounts for the Group or over which La Financière Atalian does not exercise any influence are recognised as investments in non-consolidated companies.

2.1.2.3 Changes in the scope of consolidation

	30/06/2020	31/12/2019
. Fully consolidated companies:	238	256
. Companies accounted for by the equity method:	8	8
	-----	-----
	246	264

2.1.3 Translation of the financial statements of foreign subsidiaries

The results and financial position of consolidated subsidiaries that have a functional currency other than euro are translated into euros as follows: (i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet (except for equity which is translated at historical rates), and (ii) income and expenses and cash flow statement items are translated at average exchange rates for the year, unless the rate concerned underwent major fluctuations during the period in which case transaction date exchange rates are used. All resulting exchange differences are recognised under "translation reserve" in other comprehensive income.

In application of IAS 21, the loans constituting in substance a monetary item that are part of the net investment in foreign subsidiaries were analysed in order to identify the loans whose payment is neither planned nor probable in the foreseeable future.

In compliance with IAS 21.15 and 32, exchange differences relative to a loan are recognised in other comprehensive income (OCI) and must be reclassified later to profit or loss on disposal of the net investment. Financing which qualifies as a net investment in foreign subsidiaries concerns subsidiaries in UK.

2.1.4 Translation of foreign-currency transactions

Foreign-currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated at the closing rate. Any resulting exchange differences are recognised in the income statement.

2.1.5 Financial risks

The financial risks as of June 30, 2020 are the same as those indicated in 2019 annual Financial report.

2.1.6 Statement of cash flows

The Group has opted to use the indirect method for presenting the consolidated statement of cash flows, which consists in determining cash flows from operating activities by adding back to or deducting from profit for the period all non-cash transactions and all cash flows relating to investing and financing activities.

Net cash and cash equivalents – whose movements are analysed in the statement of cash flows – are defined as cash and cash equivalents less short-term bank loans and overdrafts.

2.2 CHANGE OF THE METHOD

No change of accounting method as of June 30, 2020 compared to December 31, 2019.

o Identification of segments

The new division results from a significant reorganization of internal reporting and managerial responsibilities within the group due to the acquisition of Servest activities. These divisions are used for the management and internal reporting, reviewed by the chief operating decision maker namely the President of La Financière Atalian.

The group has identified three operating segments that correspond to the geographical location of the assets as follows:

- A "France" division, comprising all of the operating companies located in France,
- A "UK" division, comprising all UK companies within Servest group which have been acquired in 2018. The Aktrion Automotive entities of Servest have been attached to the "International" segment.
- An "International" division, comprising all the companies excluding France and Servest Group's UK companies.

o Segment indicators

For each of its operating segments, the Group presents the following income statement items which are monitored by the chief operating decision maker:

- revenue;
- recurring operating profit before depreciation, amortisation, provisions and impairment losses.

The accounting methods applied for each operating segment are those used for preparing the consolidated financial statements.

The information presented for each operating segment corresponds to "contributive data", i.e. after eliminating intra-segment transactions.

Based on these principles, the Group's segment information is as follows:

PERIOD ENDED 30 JUNE 2020

By operating segment

<u>(in millions of euros)</u>	France	UK	International	Others*	TOTAL GROUP
Revenue	613,0	353,4	407,5	(0,9)	1 373,0
Recurring operating profit before depreciation, amortisation, provisions and impairment losses	67,5	26,5	29,6	(17,2)	106,4

PERIOD ENDED 30 JUNE 2019

By operating segment

<u>(in millions of euros)</u>	France	UK restated**	International restated**	Others*	TOTAL GROUP
Revenue	675,9	387,1	450,3	(3,5)	1 509,8
Recurring operating profit before depreciation, amortisation, provisions and impairment losses	61,5	24,6	29,2	(16,2)	99,1

* include inter-segment revenue

** The Aktrion Automotive entities of Servest have been attached to the "International" segment.

The Group's chief operating decision maker does not monitor any other indicators for the operating segments presented above.

NOTE 4**FINANCE COSTS, NET
& OTHER FINANCIAL INCOME AND
EXPENSES**

This line of the consolidated income statement reflects the impacts of the Group's financing transactions and comprises the following:

- Finance costs, net, which include interest paid on the Group's borrowings, the amortisation of issuing costs and interest received on available cash.
- Other financial income and expenses.

4. 1. BREAKDOWN OF NET FINANCE DEBT COSTS**(41,9) M€**

(in millions of euros)	30/06/2019	30/06/2020
Financial expenses	(42,2)	(42,2)
Financial income	0,6	0,3
FINANCIAL COSTS, NET	(41,6)	(41,9)

Analysis:

- Net interest on borrowings	(37,7)	(37,9)
- Income from cash and cash equivalents	0,6	0,3
- Interest on finance leases	(1,3)	(1,1)
- Interest on new IFRS16 leases	(3,2)	(3,2)
Total	(41,6)	(41,9)

4. 2. BREAKDOWN OF OTHER FINANCIAL INCOME AND EXPENSES**(10,8) M€**

(in millions of euros)	30/06/2019	30/06/2020
Net (additions to)/reversals of provisions for financial items	-	(6,6)
Foreign exchange gains and losses (realized & unrealized)	(1,0)	(3,9)
Other	(0,1)	(0,3)
OTHER FINANCIAL INCOME AND EXPENSES	(1,1)	(10,8)

Other financial expenses include at the end of June 2020 a provision for impairment of a loan note of £4.7M and accrued interest related to our investment in Getronics

THE IMPLEMENTATION OF IFRS16 ON THE ATALIAN GROUP

The Group has chosen to apply these two capitalization exemptions proposed by the standard:

- contracts with a lease term of less than 12 months
- contracts with value of underlying assets of less than € 5,000.

Expenses relating to contracts with a term of less than 12 months and/or with a value of less than €5,000 and (for which the Group has chosen exemptions which are provided for in IFRS 16) represent: € 7.6 million for the Group as a whole at December 31,2019.

The lessee is required to record:

- a non-current asset represented the right to use the lease asset (on the assets side of the consolidated statement of financial position)
- a financial debt represented the obligation to pay this right (on the liabilities side of the consolidated statement of financial position)
- depreciation expenses and interest expenses on the leasing expenses in the consolidated income statement.

Duration of assets assumptions:

The lease term for Real estate contracts corresponds to the noncancellable period and is supplemented with the option of renewal (or termination) for certain contracts of which the exercise for the Group is considered reasonably certain. The ANC position was used in term of the "3/6/9" according to French commercial lease to limit the duration of the contract to the maximum of 9 years.

Discount rate assumptions:

An unique discount rate is determined for each portfolio of homogeneous contracts. Discount rates are based on the marginal borrowing rate (or implicit rate of contracts where available) by currency, taking into account, in particular, the economic environments specific to each geographical area.

5.1 Fixed assets

The tangible and intangible assets held by the Group are allocated as below:

(in millions of euros)	30/06/2020
Tangible assets	69,5
Right-of-use	100,2
Total tangible assets	169,7
Intangible assets	71,5
Right-of-use	-
Total intangible assets	71,5

The main leasing contracts include real estate, vehicles and materials & equipment.

5.2 Breakdowns of Right-of-Use

30 JUNE 2020	51,7	30,4	16,7	1,4	100,2

The financial debts comprise the following:

- a bond debt representing a principle amount of € 350 million maturing in 2025
- a bond debt representing a principle amount of £ 225 million maturing in 2025
- a bond debt representing a principle amount of € 625 million maturing in 2024
- borrowings taken out with leading banks;
- employee profit-sharing liabilities;
- factoring companies;
- finance lease liabilities;
- financial instrument

Debt issuance costs are recognised in the year of the transaction concerned as a deduction from the underlying financial liabilities and are included in the effective interest rate used to calculate finance costs for the year.

6.1. BREAKDOWN OF INTEREST-BEARING BORROWINGS BY MATURITY

<u>Financial liabilities</u>	SHORT-TERM		LONG-TERM	TOTAL
	-Due within 1 year	-Due in 1 to 5 years	-Due beyond 5 years	30/06/2020
(in millions of euros)

Total	1 598,9	1 526,7

* Principal, excluding issuance costs

** of which RCF €74.0 million and PGE €50.0 million

*** Included €148.7 million of derecognised debts

6.3. FACTORING

Several of the Group's subsidiaries sell their trade receivables on a monthly basis under factoring contracts.

At 30 June 2020, 4 of these contracts involved the transfer of substantially all the risks and rewards of ownership of the receivables concerned to the factoring companies, enabling the sold receivables to be derecognised. The amount of the derecognised receivables totaled €167.1 million at the end of the period, giving the Group €148.7 million in cash with the remaining €18.4 million corresponding to a security deposit

In addition, factored receivables for which the Group has not transferred substantially all the risks and rewards of ownership are not derecognised and remain recorded in the balance sheet under "Trade receivables", with the recognition of a corresponding financial liability. These receivables totaled €27.3 million, with guarantee deposit of €3.6 million and generate a current financial debt of €23.7 million. The debt was €30.5 million as of December 31, 2019. The Group has been mandated by the factoring companies to manage on their behalf the recovery of the receivables that have been sold to them.

6.4. VARIATION OF CURRENT AND NON-CURRENT FINANCIAL DEBT

(in millions of euros)	31/12/2019 restated*	Cash impact		Non-cash impact & Others	30/06/2020

8.1. GOODWILL

1034,3 M€

Acquisitions are accounted for under the acquisition method in accordance with the revised version of IFRS 3. Under this method, the purchase price is allocated to the identifiable assets acquired and liabilities assumed based on their acquisition-date fair values.

Their fair values are based on best estimates at the acquisition date and may be adjusted within twelve months of that date.

Cost directly related to the acquisition are expensed as incurred and are included in "External charges" in the consolidated income statement.

Goodwill corresponds to the excess of (i) the aggregate of the consideration transferred and the amount of any non-controlling interests in the acquiree, as measured at fair value, over (ii) the net of the acquisition-date fair values of the identifiable assets acquired and liabilities assumed. Positive goodwill is recognised in the balance sheet, under "Goodwill" and negative goodwill is recorded in the income statement in the year of the acquisition.

Goodwill is tested for impairment at least annually, at the same time each year, and whenever there is an indication that it may be impaired.

An impairment loss is recognized if the net book value of the Cash-Generating Unit (CGU) is greater than its recoverable amount. If applicable, an impairment loss recognized in respect of one CGU is allocated first to the reduction in the carrying amount of any goodwill allocated to the CGU and then to the reduction in the carrying amount of the other assets of the CGU prorated to the book value of each asset in the CGU. Any impairment of goodwill is then definitive.

For the purpose of impairment testing, goodwill is allocated to each CGUs that is expected to benefit from the synergies of the business combination, depending on the level at which the return on investments is monitored. A cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of those generated by other assets of the entity.

Goodwill is tested at the level of groups of CGUs corresponding to the operating segments as follows:

- A "France" CGU, comprising all of the companies located in France,
- A "UK" CGU, comprising all companies within Servest group which were acquired in 2018.
- An "International" CGU, comprising all companies outside France, excluding Servest companies

8.1.1 Movements

(in millions of euros)	Gross	Impairment	Net
31 December 2018	1 070,4	(4,4)	1 066,0
Goodwill finalisation	10,9	-	10,9

Impairment	-	-	-
30 June 2020	1 038,6	(4,3)	1 034,3

8.1.2 Breakdown of goodwill by CGU

(in millions of euros)	30/06/2020	31/12/2019
France	443,5	443,5
UK	395,8	424,4
International	195,0	198,5
Total	1 034,3	1 066,4

8.1.3 CGU impairment testing

We conducted an update of our impairment test at the level of our group and CGUs as of June 30, 2020. In the absence of a new medium-term business plan at this time taking into account estimated future impacts of Covid-19, the Group revised the 2020 forecast reflecting the business impact in the first half of 2020 and a best estimate of the economic conditions at the end of the year, including the implementation of measures taken to mitigate the impact of the crisis, as determined at the interim reporting date. As a consequence of these assumptions, no impairment has been booked as of June, 30 2020. The uncertainty around the crisis and the speed of recovery remains high. The impact on 2020 Financial Results will depend on the timing of the ramp up of the business post crisis.
