GENERAL INFORMATION AND SIGNIFICANT EVENTS

The terms "the Atalian Group", "Atalian" and "the Group" refer to the parent company, La Financière Atalian, and its consolidated subsidiaries and equity method affiliates. The term "the Company" refers solely to the parent company, La Financière Atalian.

FJ International Invest SA, wholly owned by Mr. Franck Julien, is the Group ultimate controlling entity, whose registered office is located at 239 Avenue Winston Churchill, 1180 Brussels (Uccle) Belgium. La Financière Atalian is owned, in majority, by an intermediate holding: Atalian Holding Development and Strategy (AHDS).

La Financière Atalian – the Group holding company – is a simplified joint-stock company incorporated under French law (société par actions simplifiée), whose registered office is located at 56 rue Ampère, 75017 Paris, France.

The Atalian Group provides cleaning services and other support services to companies and organisations, in France, in UK and internationally, in total in 35 countries.

The condensed interim consolidated financial statements are unaudited and presented in millions of euros unless otherwise specified.

Due to rounding, numbers presented throughout this report may not add up precisely to the totals provided. All ratios and variances are calculated using the underlying amount rather than the presented rounded amount.

1.1. SIGNIFICANT EVENTS OF THE FIRST NINE MONTHS OF 2022

Litigations

Relating to the judicial convention of public interest (CJIP) concluded on 17 January 2022, a provision of €15.4 million has been made in the Group financial statements as of 31 December 2021.

In addition, concurrently with the conclusion of the CJIP, the ultimate shareholder had, in order to preserve the corporate interest of the Group, agreed to pay a sum of ca. €8.2 million to LFA.

The ultimate shareholder paid €8,245,867 in March 2022 to the Group. According to the agreed terms of the convention, the Group paid €15.0 million on 4 April 2022 to the French public Treasury (Ministry of Finance).

The Group paid €438,920 on 15 March 2022 for the Anti-Corruption French Agency (AFA) compliance monitoring for 2 years to the French public Treasury (Ministry of Finance).

The Group paid €471,105 on 28 April 2022 for damage suffered by Vinci Energies France and Vinci SA, civil parties.

Sale and deconsolidation of Vietnam

On June 30, 2022, Atalian sold its 50.49% share in Atalian Global Services Vietnam Pte Ltd, Singapore in Vietnam for an amount of SGD1.76 million, equivalent to €1.18 million.

The payment for the share purchase is deferred to 30 June 2025 with 3.5% interest per annum with one year extension and is secured by a share pledge.

Following the divestment and in accordance with IFRS10 criteria, Atalian Global Services Vietnam was deconsolidated as of 30 June 2022, resulting in a loss of €(0.45) million. Atalian has a call option for 50.49% share in Atalian Global Services Vietnam, exercisable from 30 June 2025.

Acquisition of Incentive FM Group

On 25 May 2022, the Atalian Group, through its subsidiary UK Atalian Servest, acquired the UK Incentive FM Group for a purchase price of GBP32.1 million equivalent to €37.6 million.

Incentive FM Group provides facility management, cleaning, security, front of house and technical services as well as landscaping, waste management and consultancy.

It has been fully consolidated since the end of May 2022.

A temporary goodwill of €48.5 million (GBP41.4 million) was recognised, before allocation of PPA, in connection with this acquisition.

Extension of the French State Guaranteed Loan (PGE)

The Group exercised on 16 April 2021 the 'PGE' (French State Guaranteed Loan) extension option for one additional year. The new maturity was June 2022.

The remaining balance of €12.5 million has been fully repaid on 25 May 2022. As of 30 June 2022, there was no outstanding balance on the PGE.

Legal structure

In France, 3 legal mergers took place during 2022 to optimize the French legal structure organization. The Group sold its minority interest in Romania in First Facility Imobile and the Group purchased minority shareholders in Singapore and Thailand.

Shareholder - change of ownership

Atalian Holding Development & Strategy ("AHDS"), the majority shareholder of La Financiere Atalian ("Atalian"), and the minority shareholders of Atalian have received a binding and irrevocable offer from Clayton, Dubilier & Rice ("CD&R"), a global private investment firm, for the acquisition by CD&R of the entire share capital of Atalian, one of the world leaders in facility management.

The proposed transaction has been submitted for consultation to the competent workers' councils and has received approvals from the relevant regulatory and competition authorities. It is subject to the completion of the acquisition by CD&R of OCS International Limited, an international facilities management company headquartered in the United Kingdom and operating mainly in the United Kingdom and Asia Pacific region, which will be completed on 30 November 2022.

The transaction remains subject to the completion of the carve-out of assets excluded from the transaction. This carve-out is expected to be completed by closing of the proposed transaction.

An extension of the exercise period of the put option to 16 December 2022 has been decided by Atalian shareholder and CD&R in order to continue the discussions within the envisaged transaction.

At the same time, additional analyses are expected within a few days on France and the USA which are showing a decline in financial performance.

At the closing of the proposed transaction, and subject to the above-mentioned conditions, Atalian will redeem in full the senior notes due 2024 and 2025 in accordance with the optional redemption provisions of the relevant indentures.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of the Group's consolidated financial statements for the first nine months of the year 2022 are set out below. These policies have been consistently applied to all the financial periods presented, unless otherwise stated.

2.1. FINANCIAL CLOSURE

The Group's companies have been consolidated based on their financial statements as of 30 September 2022 for a period of 9 months.

2.2. RESTATEMENT OF FINANCIAL STATEMENTS PREVIOUSLY REPORTED

In application of IAS 8, as of 31st December 2021, the Company has corrected and restated the Company's previously issued consolidated financial statements for the 2020 financial years and consequently for the nine-months ended September 30, 2021.

These corrections are the result of errors detected by the Group in the course of the internal controls that it has gradually been deploying since 2019, along with the introduction of governance and compliance rules.

Since 2019, the Group has been involved in a process of increasing the maturity of its internal control system, which has included the creation of compliance (2018), internal auditing and internal control functions (2019), with the progressive deployment of Key Controls since 2020.

In this context and on the occasion of the 2021 closing of accounts, the Group carried out enhanced controls of the accounting packages and tax returns sent in by the subsidiaries and submitted some of them to examination by external specialists.

The adjustments/restatements required to the financial statements reported for the nine-months ended September 30, 2021 concern the following items:

- Adjustments on operating expenses attributable to 2020 financial year identified late within 2021 financial year mainly attributable to Moroccan and US subsidiaries.
- Recognition of write-off of unjustified asset values, resulting from a late identification of facts and circumstances existing at the 2020 reporting date that would have resulted in a different assessment.

The results released in the Q3 financial report, 2021, investor presentation and press release on October, 29 2021, have been revised to reflect the impact of the accounting matters resulting in the restatement relative to the nine-month period ended September 30, 2021.

The following presents a reconciliation of the impacted financial statement line items as reported to the restated amounts for the nine-months ended September 30, 2021.

The previously reported amounts reflect those included in the Q3 financial report as of and for the nine-months ended September 30, 2021 on October, 29 2021.

These amounts are labelled as "As previously Reported" in the tables below. The amounts identified as "Adjustments" correspond to the corrections necessary to record the appropriate accounting treatment.

Summary of the Restatement Adjustments - Q3 2021

The following tables summarize the impact of the restatement on our financial statements and for the nine-months ended September 30, 2021.

Impact on the consolidated Income Statement

Impacts of corrections of errors

n millions of euros	Notes	Period ended 30 September 2021 as previoulsy reported	Adjustments	Period ended 30 September 2021 restated

Attributable to owners of the company		(17.7)	7.5	(10.2)
Attributable to non-controlling interests		3.1	0.3	3.4

^{1:} it is essentially a correction of the payroll taxes attributable to the 2020 financial year of the US subsidiary.

^{2:} adjustments to 'other operating income and expenses' reflect expenses attributable to 2020 financial year identified late within 2021 financial year for €0.8 million. In addition, expenses were reclassified from non-recurring operating expenses attributable to 2021 financial year for €1.8 million. Both adjustments are related to the US subsidiary.

^{3:} adjustments to 'other operating income and expenses non-current' are attributable to the Indonesian subsidiaries for €3.3 million mainly due to write-off of unjustified asset values and to legal expenses incurred by the Group that had been inappropriately offset by contingent assets for €1.2 million, to the Moroccan subsidiary for €1.6 million reflecting expenses attributable to 2020 financial year identified late within 2021 financial year, and to the US subsidiary for €2.8 million (refer to point 2 above).

 $[\]textbf{4:} it is attributable to the US subsidiary related to prior years before financial year 2020 late interests.$

The impacts on the cash flow statement are the result of those affecting the income statement as explained in the table above.

2.3. ASSETS HELD FOR SALE

Over Q3 2022, Atalian management committed to a plan to sell some entities within International division. Those entities within International division are not material for Atalian Group and do not answer to criteria of discontinued operation. In accordance with IFRS 5, assets and liabilities associated to those assets of those entities were classified and are presented as held for sale as of 30 September 2022. Effort to sell those entities have started and sales are expected by end of 2022.

Impairment losses relating to the disposal of entities

Impairment losses of €643 thousands for write-downs of some of the disposal entities to the lower of its carrying-amount and its fair value less costs to sell have been included in 'Provision and impairment loss, net' in accordance with IFRS 5. The impairment losses have been applied to reduce the carrying amount of Goodwill, Intangible assets and Property, plant and equipment within the disposal entities.

Assets and liabilities of disposal entities held for sale

At 30 September 2022, the disposal entities were stated at fair value less costs to sell and comprised the following assets and liabilities.

in millions of euros	Period ended 30 September 2022 - unaudited

Current portion of financial liabilities	0.0
Shortterm bank loans and overdrafts	1.9
CURRENT LIABILITIES	38.6
LIABILITIES RELATED TO ASSETS HELD FOR SALE	45.8

2.4. CONSOLIDATION METHODS

2.4.1 Consolidation

Subsidiaries

Subsidiaries are the companies over which La Financière Atalian has control, either directly or indirectly. Control is characterised by power over the investee with the current ability to direct the relevant activities and an exposure or rights to variable returns with the ability to use its power over the investee to affect the amount of the investor's returns. They are consolidated with fully consolidated method, taking into account the existence and effect of the voting rights of non-controlling interests. Control is presumed to exist when the Group has the power to govern an entity's financial and operating policies so as to obtain benefits from its activities, generally as a result of a shareholding representing more than a half of the voting rights. Control may also arise when a contract exists entitling the Group to govern an entity's financial and operating policies, or when the Group is able to govern the financial and operating policies by virtue of de facto control. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Intra-group transactions, balances and unrealised gains on transactions between Group companies are eliminated at consolidation level.

Subsidiaries are fully consolidated from the date when control is transferred to the Group and are deconsolidated from the date when control ceases.

The profit or loss of subsidiaries is allocated between the Group and non-controlling interests based on their percentage interest in the subsidiary concerned, even if this results in the recognition of negative amounts.

A list of La Financière Atalian's subsidiaries is provided in Note 10.

Associates

Associates are entities over which the Group has significant influence but not control.

Investments in associates are accounted for using the equity method. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investment in associates includes goodwill (net of any accumulated impairment losses) identified at the time of acquisition, which is not tested separately. If the Group's interest in an associate is reduced to zero, additional losses are provided for and a liability is recognised only to the extent that the Group has incurred legal or constructive obligations on behalf of the associate.

The Group's share of the profit or loss of associates is recognised in the consolidated income statement, and its share of movements in other comprehensive income is recognised in other comprehensive income. Unrealised gains on transactions between the Group and its associates are eliminated pro rata to the Group's interest in the associates concerned. A list of the Group's associates is provided in Note 10.

Accounting policies of subsidiaries and associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Other investments

Shares in companies over which La Financière Atalian does not exercise any influence are recognised as investments in non-consolidated companies on the line "Other Non-Current financial assets" and measured at fair value, through the income statement.

2.4.2 Scope of consolidation

The change in the scope of consolidation is driven by the internal merger of Group entities in France (3), the liquidation of 1 entity in the UK, the deconsolidation of Vietnam (3), the purchase of the Group Incentive FM (15) in the UK, the consolidation of an Aktrion entity in Czech republic and the sale of 1 entity in Romania that was accounted for by the equity method.

in millions of euros	At 30 September 2022	At 31 December 2021
Fully consolidated companies	195	186
Companies accounted for by the equity method	2	3
	197	189

2.5. TRANSLATION OF THE FINANCIAL STATEMENTS OF FOREIGN SUBSIDIARIES

The results and financial position of consolidated subsidiaries that have a functional currency other than euro are translated into euros as follows: (i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet (except for equity which is translated at historical rates), and (ii) income and expenses and cash flow statement items are translated at average exchange rates for the period. All resulting exchange differences are recognised under "currency translation reserve" in other comprehensive income.

In Lebanon, the cumulative rate of inflation over the last three years is in excess of 100%, based on a combination of indices used to measure inflation in this country qualifying Lebanon as hyperinflationary economy. In the 2^{nd} quarter of 2022, the Group has decided to use USD as functional currency for the Lebanese activities.

In Turkey, the cumulative rate of inflation over the last three years is in excess of 100%, based on a combination of indices used to measure inflation in this country qualifying Turkey as hyperinflation economy. The contribution to the Group financial statement of the Turkish Atalian subsidiaries as of September 30th, 2022, is immaterial.

2.6. TRANSLATION OF FOREIGN CURRENCY TRANSACTIONS

In application of IAS 21, the loans constituting in substance monetary items that are part of the net investment in foreign subsidiaries were analysed in order to identify the loans whose payment is neither planned nor probable in the foreseeable future. In compliance with IAS 21.15 and 32, exchange differences relative to a loan are recognised in other comprehensive income (OCI) and must be reclassified later to profit or loss on disposal of the net investment. Financing which qualifies as a net investment in foreign subsidiaries (currencies) concerns subsidiaries in the UK.

Foreign-currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the closing rate. Any resulting exchange differences are recognised in the income statement under the financial expenses.

2.7. FINANCIAL RISKS

For a description of financial risks please refer to the Group's 2021 Annual Report.

2.8. STATEMENT OF CASH FLOWS

The Group has opted to use the indirect method to present the consolidated statement of cash flows, which consists in determining cash flows from operating activities by adding back to or deducting from net income (loss) for the period all non-cash transactions and all cash flows relating to investing and financing activities.

Net cash and cash equivalents – whose movements are analysed in the statement of cash flows – are defined as cash and cash equivalents less short-term bank loans and overdrafts.

SEGMENT REPORTING

Identification of segments

These divisions are used for the management and internal reporting.

The group has identified three operating segments that correspond to the geographical location of the assets as follows:

- A "France" division, comprising all of the companies located in France.
- A "UK" division, comprising all UK and Ireland companies.
- An "International" division, comprising all the companies excluding France, UK and Ireland companies.
- "Others", which include intersegment revenue and holding costs.

Segment indicators

For each of its operating segments, the Group presents the following income statement items:

- Revenue
- Operating profit before depreciation, amortisation, provision and impairment loss.

The accounting methods applied for each operating segment are those used for preparing the consolidated financial statements

The information presented for each operating segment corresponds to "contributive data", i.e. after eliminating inter-segment transactions.

Based on these principles, the Group's segment information is as follows.

	By operating segment				
in millions of euros	France	UK	International	Others (incl. Corp Holding)*	TOTAL GROUP
PERIOD ENDED 30 SEPTEMBER 2022					
Revenue	1,031.6	693.0	593.3**	(3.9)	2,314.0

* include inter-segment revenue ** of which countries contributing to turnover > 10% United States			121.4		
Belgium Czech Republic			83.2 55.6		

OPERATING PROFIT

Turnover

The turnover is mainly generated by the provision of services to the occupants (cleanliness, security) or buildings (technical maintenance, energy management and the second work).

Our services are provided to the client daily over the duration of the contract and the client receives and uses the benefits provided by the Group at the same time. Contracts include, in the vast majority of cases, only one performance obligation, the realisation of which is carried out as the contract progresses, so that the performance obligation is satisfied over time and generally invoiced on a monthly basis. These services are generally recognised using the billing method when the Group charges a fixed price for each hour of service provided.

Thus, revenue is recognised at the time the service is rendered, i.e. when the performance obligation is satisfied under IFRS 15.

The turnover of most building services activities is accounted for in accordance with IFRS15 using the percentage-of-completion method. As a result, the Group uses the method that most reliably measures the work performed: either the physical progress of the work or the percentage of completion of costs.

Margin at completion is estimated based on periodically revised cost and revenue analysed over the term of the contracts (the impact of changes in estimate is recorded in the period in which they are incurred):

- if the invoiced amount is greater than the recognised turnover, a contract liability is recognised,
- if the revenue is lower than the recognised turnover on the progress, a contract asset is then recorded.

When it is probable that the total cost of the contract will be greater than the total revenue of the contract, the expected loss is provisioned.

Revenue is recorded when it is probable that the future economic benefits will flow to the Group and that these products can be measured reliably. No revenue is recognised when there is significant uncertainty as to the recoverability of the consideration.

Turnover is the amount receivable for services provided in the normal course of business, except for amounts collected on behalf of third parties such as value-added taxes and other taxes. Under the provisions of IFRS 15, the backlog is not presented because generally contracts run for less than one year and / or the performance obligations are recognised under the billing method. In addition, the costs of obtaining contracts are not significant.

In addition, the contracts have no funding component since the time between revenue recognition and payment is generally short. As a result, the Group does not adjust the transaction price based on the time value of money.

Operating profit before depreciation, amortisation, provisions and impairment losses

Operating profit before depreciation, amortisation, provisions and impairment loss includes revenue and related income less expenses directly attributable to operations, which mainly comprise purchases consumed, other external charges, payroll costs and taxes other than on income. It also includes other operating income and expenses.

Staff costs

in millions of euros	30/09/2022	30/09/2021
Wages and other employment- related expense - I	(1,549.3)	(1,413.1)
of which wages and salaries	(1,300.1)	(1,181.9)
of which employer social contributions	(215.0)	(205.5)
of which contributions to defined contribution plans	(12.2)	(10.0)
of which other employment related expenses	(22.0)	(15.7)
Profit-sharing and incentive plans - II	(2.6)	(4.2)
TOTAL	(1,551.9)	(1,417.3)

Depreciation and amortisation

in millions of euros	30/09/2022	30/09/2021
Intangible assets	(3.7)	(3.1)
Property, plant and equipment	(58.2)	(56.6)
of which D&A own property PP&E	(20.0)	(21.4)
of which amortisation of rights of use	(38.2)	(35.2)
D&A Acquired through business combination	(6.8)	(6.6)
TOTAL	(68.6)	(66.3)

Other income and expenses

Other income and expenses correspond to significant and non-recurring fees and costs (as restructuring costs, transaction and advisory costs, due diligence costs) that occurred during the period.

As per 30 September 2022, the cost amounts to €19.6 million.

The breakdown by different types of costs and segments is as below:

in millions of euros	TOTAL GROUP	France	UK	International	HOLD CORP
Restructuring costs	(1.2)	-	(O.1)	-	(1.1)
Profit/Loss on disposal of subsidiary	(0.5)	-	-	(0.5)	-
Acquisition / transaction / other costs	(17.9)	(0.6)	(0.8)	(7.3)	(9.2)
TOTAL	(19.6)	(0.6)	(0.9)	(7.8)	(10.3)

Acquisition / transaction / other costs include:

In the UK, the costs are related to the transaction costs for UK Incentive FM.

International include for the biggest part in the USA, work accident compensation and provision for general litigation related to prior years and transaction and advisory costs.

The loss on the disposal of subsidiary reflects the impact of the deconsolidation of Vietnam.

The amount in Corporate Holdings is reflecting advisory and consulting cost as well as mostly the penalty of the CJIP (including the repayment by the ultimate shareholder). At Operating profit level, this cost is offset by the related reversal of the provision, that was made as of 31.12.2021.

FINANCE COSTS, NET & OTHER NET FINANCIAL INCOME AND EXPENSES

This line of the consolidated income statement reflects the impacts of the Group's financing transactions and comprises the following:

- Net financial debt costs, includes interest paid on the Group's borrowings and interests received or paid on available cash.
- Other financial income and expenses.

5.1. BREAKDOWN OF NET FINANCE DEBT COST

in millions of euros	30/09/2022	30/09/2021	31/12/2021
Financial expenses	(62.5)	(62.3)	(81.8)
Financial income	0.3	0.4	0.6
NET FINANCIAL DEBT COST	(62.2)	(61.9)	(81.2)
Analysis:			
- Net interest on borrowings	(56.5)	(56.1)	(73.5)
- Income from cash and cash equivalents	0.3	0.4	0.6
- Interest on leases	(6.0)	(6.2)	(8.3)
TOTAL	(62.2)	(61.9)	(81.2)

5.2. BREAKDOWN OF OTHER FINANCIAL INCOME AND EXPENSES

in millions of euros	30/09/2022	30/09/2021	31/12/2021
Net (additions to/reversals of) provisions for financial items	2.4	(O.7)	(7.4)
Foreign exchange gains and losses	(5.2)	(4.6)	(1.8)
Other	(O.O)	(2.3)	(3.0)
OTHER FINANCIAL INCOME AND EXPENSES	(2.8)	(7.6)	(12.3)

LEASES

The Group has chosen to apply these two capitalization exemptions proposed by the standard:

- contracts with a lease term of less than 12 months,
- contracts with value of underlying assets of less than €5,000.

The lessee is required to record:

- a non-current asset representing the right to use the lease asset (on the assets side of the consolidated statement
 of financial position),
- a financial debt representing the obligation to pay this right (on the liabilities side of the consolidated statement
 of financial position),
- depreciation expenses and interest expenses in the consolidated income statement.

Duration of assets assumptions:

The lease term for Real estate contracts corresponds to the non-cancellable period and is supplemented with the option of renewal (or termination) for certain contracts of which the exercise for the Group is considered reasonably certain.

Discount rate assumptions:

A unique discount rate is determined for each portfolio of homogeneous contracts. Discount rates are based on the marginal borrowing rate (or implicit rate of contracts where available) by currency, taking into account, in particular, the economic environments specific to each geographical area.

6.1. FIXED ASSETS

The tangible and intangible assets held by the Group are allocated as below:

in millions of euros	30/09/2022	31/12/2021
Tangible assets excluding Right-of-use	61.1	62.3
Right-of-use	102.3	106.8
TOTAL	163.4	169.1
Intangible assets	78.0	62.8
TOTAL	78.0	62.8

The main leasing contracts include real estate, vehicles and materials & equipment.

6.2. BREAKDOWNS OF RIGHT-OF-USE

- Other borrowings and financial liabilities	4.9	1.4	-	6.3
Total interest-bearing borrowings at 30/09/2022	172.1	1,269.1	14.9	1,456.2
Total interest-bearing borrowings at 31/12/2021	71.6	1,291.8	17.7	1,381.1

^{*} bonds net of issuance costs of €(12.1) million. Issuance costs expensed in the first 3 quarters 2022 amounted to €(4.0) million.

On 2 June 2020, the Group concluded a Term Loan guaranteed by the French State ("PGE") of €50.0 million with its main banking partners. This €50.0 million term loan had an initial maturity of 1 year and was extended for 1 year to June 2022. On May 25th, 2022 this loan was fully repaid.

The Group has a revolving credit facility of €103.0 million maturing in April 2023. As of 30 September 2022, the RCF was temporarily drawn for €103 million.

As per RCF, LFA shall ensure that the Secured Debt incurred by any member of the Group shall not exceed at any time in aggregate higher of (i) €465.0 million or (ii) 17.5% of the Total Assets.

This financing is subject to a financial covenant based on the Group's consolidated accounts. Secured Leverage Ratio (= Secured Net debt / Consolidated EBITDA post IFRS) shall not exceed 1.75x as of 31 December and 30 June closings. As of 30 June 2022 the financial covenant was respected.

On 5 May 2017, the Group issued a €625.0 million bond maturing on 15 May 2024 (i.e. 7 years) and bearing a coupon of 4.0% On 9 May 2018, with the acquisition of Servest, the Group issued two new bonds maturing on 15 May 2025 for €350.0 million and £225.0 million, respectively bearing a coupon of 5.125% and 6.625%.

These financings are subject to limited financial covenants based on the Group's consolidated accounts.

7.2. CONFIRMED CREDIT LINES

in millions of euros	Confirmed lines	Utilised lines
Bonds*	1,229.8	1,229.8
Bank borrowings**	106.0	106.0
Factoring loans***	281.3	227.1
TOTAL	1,617.2	1,562.9

^{*} Principal, excluding issuance costs. Based on an average market value as of 30 September 2022, the fair value would amount to €1,166,2 million. Accrued coupon (EUR 19.5mn) must also be taken into account if one wants to compare fair market value with accounting value.

^{**} of which RCF €103 million,

^{***} Included €227.1 million of immediate financing from derecognised factoring contracts

7.3. FACTORING

Several of the Group's subsidiaries sell their trade receivables on a monthly basis under factoring contracts. In 2021, the UK factoring facility has been recently increased from £50.0 million to £65.0 million to embark Incentive FM entities.

The non-recourse facility of €220.0 million (covering France, Belgium, Czech Republic and Poland) was extended to September 2023.

As of 30 September 2022, 4 of these contracts involved the transfer of substantially all the risks and rewards of ownership of the receivables concerned to the factoring companies, enabling the sold receivables to be derecognised.

As of 30 September 2022, the amount of the derecognised receivables totalled €308.2 million, providing the Group with €227.1 million of immediate financing with the difference corresponding to €25.2 million security deposit and €55.8 million to factor current account and client payments not yet deducted.

As of 31 December 2021, the amount of immediate financing provided by deconsolidated receivables was €214.0 million.

In addition, factored receivables for which the Group has not transferred substantially all the risks and rewards of ownership are not derecognised and remain recorded in the balance sheet under "Trade receivables", with the recognition of a corresponding financial liability. Immediate financing provided by these receivables totalled \leq 1.1 million as of 30 September 2022 reclassed to assets hold for sale due to IFRS 5 treatment, and \leq 1.2 million as of 31 December 2021. The Group has been mandated by the factoring companies to manage on their behalf the collection of the receivables that have been sold to them.

7.4. VARIATION OF CURRENT AND NON-CURRENT FINANCIAL DEBT

	31/12/2021	Cash impact		Non-cash impact	30/09/2022
in millions of euros		Increase	Decrease	& Others	
NON-CURRENT FINANCIAL DEBT	1,309.5	5.0	(7.9)	(22.6)	1,284.0
of which debts from bonds	1,226.7	-	-	(9.0)	1,217.7
of which debts from RCF	-	=	-	-	-
of which debts from leasing	77.8	-	-	(12.8)	65.0
of which debts from factoring	-	=	-	,	-
of which debts from others	5.1	5.0	(7.9)	(0.9)	1.4
CURRENT FINANCIAL DEBT	71.6	103.5	(60.7)	57.6	172.1
of which debts from bonds	4.8	-	-	14.8	19.5
of which debts from RCF	-	103.0	-	-	103.0
of which debts bank borrowing and others*	30.9	0.2	(27.7)	1.5	4.9
of which debts from leasing **	34.8	-	(32.5)	42.5	44.7
of which debts from factoring	1.2	0.3	(0.5)	(1.1)	(0.0)
Gross debt	1,381.1	108.5	(68.6)	35.0	1,456.2
Financial instrument	2.2	-	-	1.7	3.9
GROSS DEBT INCL. FINANCIAL INSTRUMENT	1,383.3	108.5	(68.6)	36.7	1,460.1

^{*} The variation includes €25.0 million of the repayment, in the first half year, of the French State guaranteed loan (PGE), which was fully repaid at the end of june 2022.

^{**} The non cash impact on debt from leasing is related to the new IFRS16 lease contracts in 2022.

WORKING CAPITAL

In "Other" is included the impact (€4.6 million) related to the transfer of activities to "Assets held for sale" as described in the note 2.3

NOTE 9 GOODWILL

Acquisitions are accounted for under the acquisition method in accordance with IFRS 3. Under this method, the purchase price is allocated to the identifiable assets acquired and liabilities assumed based on their acquisition- date fair values.

Their fair values calculated at the acquisition date and may be adjusted within twelve months of that date.

Cost directly related to the acquisition are expensed as incurred and are included in External charges in the consolidated income statement.

Goodwill corresponds to the excess of (i) the aggregate of the consideration transferred and the amount of any non-controlling interests in the acquiree, as measured at fair value, over (ii) the net of the acquisition-date fair values of the identifiable assets acquired and liabilities assumed. Positive goodwill is recognised in the balance sheet, under Goodwill and negative goodwill is recorded in the income statement in the year of the acquisition.

Goodwill is tested for impairment at least annually, at the same time each year, and whenever there is an indication that it may be impaired.

For the purpose of impairment testing, goodwill is allocated to each Cash-Generating Unit (CGU) that is expected to benefit from the synergies of the business combination, depending on the level at which the return on investments is monitored.

A Cash-Generating Unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of those generated by other assets of the entity.

An impairment loss is recognised if the net book value of the Cash-Generating Unit (CGU) is greater than its recoverable amount. If applicable, an impairment loss recognised in respect of one CGU is allocated first to the reduction in the carrying amount of any goodwill allocated to the CGU and then to the reduction in the carrying amount of the other assets of the CGU prorated to the book value of each asset in the CGU. Any impairment of goodwill is then definitive.

Goodwill is tested at the level of groups of CGUs corresponding to the operating segments as below:

- A France CGU, comprising all of the companies located in France,
- A UK CGU, comprising all companies located in the UK and Ireland,
- An International CGU, comprising all companies outside France, UK and Ireland and the Aktrion sub-group.

9.1. MOVEMENTS

in millions of euros	Gross	Impairment	Net
31 DECEMBER 2020	1,036.6	(4.1)	1,032.5
Goodwill finalisation	-	-	-
Impact of changes in Group structure and others	(5.1)	=	(5.1)
Impact of exchange rates	35.3	0.1	35.4
31 DECEMBER 2021	1,066.8	(4.0)	1,062.8
Goodwill finalisation	-	-	-
Impact of changes in Group structure and others	15.4	(0.6)	14.8
Impact of exchange rates	(9.7)	0.0	(9.7)
30 SEPTEMBER 2022	1,072.4	(4.5)	1,067.9

The impact of the changes in the Group structure of the goodwill of \le 15.4 million is mainly due to the acquisition of UK Incentive FM Group with the current temporary goodwill recognised for \le 26.5 million, offset by \le 1.4 million due to the sale of Vietnam and the impact related to the transfer of activities to "Assets held for sale" by \le 11.3 million (see note 2.3).

9.2. BREAKDOWN OF GOODWILL BY CGU

in millions of euros	30/09/2022	31/12/2021
France	443.9	443.9
UK	435.6	429.9
International	188.4	189.0
TOTAL	1,067.9	1,062.8

9.3. CGU IMPAIRMENT TESTING

The estimates and assumptions used to perform the impairment tests at the end of 2021 are under review, with the validation of the budget for the coming years. As soon as done, the CGU impairment testing will be finalized. Due to the decrease in performance mostly in the US entities, special attention will be made to the CGU international.
