

## Press Release

---

Vitry-sur-Seine (France), April 1st, 2025

On March 20, 2025, the Public Prosecutor of Paris informed the Management Board of the ATALIAN Group about the termination of public proceedings against the Group, following its fulfillment of the obligations outlined in the Judicial Public Interest Agreement (CJIP) signed on February 7, 2022, with the President of the Paris Judicial Court.

Under the terms of this agreement, the company LA FINANCIERE ATALIAN committed to implementing a two-year compliance program under the supervision of the French Anti-Corruption Agency (AFA).

Based on the final report from the AFA in February 2025, which concluded that “a strengthened anti-corruption framework and a strong compliance dynamic” had been established, the Paris Public Prosecutor’s Office praised “the Management Board’s commitment to this issue” and informed the Group’s representatives that the legal proceedings had been dropped.

The Management Board of the Group, for its part, has indicated that it will continue its efforts to maintain a compliance program in line with the highest standards.
